MRS. C. H. HETT IS NEW REGENT OF LOCAL D.A.R.

Mrs. C. H. Hett, Hotel Gettysburg, was elected regent of the Gettysburg Chapter of the Daughters of the American Revolution at a meeting of the group at 7:30 o'clock Friday evening at the Gettysburg Country Club. Others elected were: First vice regent, Mrs. Harold Reuning; second vice regent, Mrs. L. S. Long; chaplain, Miss Elsie Eisenhart; recording secretary, Mrs. George H. Thrush Jr.; corresponding secretary, Miss Anna Cairns; treasurer, Mrs. Alexander S. Light; registrar, Mrs. J. Kermit Heret; historian, Miss Margaret McMillan, and press relations secretary, Mrs. Kenneth Hull.

Hear Reports

Mrs. Fred G. Troxell, committee chairman in charge of mailing used clothing to the DAR School in Crossnore, N. C., reported that she had mailed a package of clothes to the boys' and girls' school valued at \$150.

Miss Alice Black, delegate to the 62nd annual Continental Congress of the DAR held in Washington last week, presented the week's highlights to the local chapter. Mrs. Mark K. Eckert reported on the Pennsylvania luncheon held during the congress and described the White House tea at which Mrs. Dwight D. Eisenhower was hostess to regents and delegates.

Miss Faith Menges, a Gettysburg College student, played several selections on the accordion. Mrs. Hett presided at the tea table which was decorated with spring flowers.

ASK TOWN-WIDE COOPERATION IN CLEAN-UP DRIVE

The borough's annual clean-up campaign, sponsored by the Junior Chamber of Commerce in cooperation with the borough highway and health departments, opened Friday and will continue for two weeks, under the slogan "Clean Up, Fix Up and Paint Up" for a safer and more healthful Gettysburg.

Health Officer Donald E. Staub, Fire Chief Donald G. Jacobs and Police Chief Jack Bartlett united today in an appeal to every resident to participate in the clean-up campaign.

Mr. Staub stressed that every householder should rid his property of rats and mice, which cause an annual nation-wide loss of three billion dollars. He further urged that all unoccupied and unused sheds and buildings at the rear of lots which constitute fire and health hazards, or may become such, be removed. Among other health department recommendations were:

General Cleanliness

Improvement in cleanliness and sanitation of eating and drinking establishments; improvement in cleanliness and sanitation of rest room facilities in garages, restaurants, commercial and industrial buildings; elimination of health hazards through destruction of insect breeding places; proper garbage disposal and frequent disinfecting of containers; installing of tight-fitting tops on containers; screening of windows and doors.

"The National Board of Fire Underwriters estimates that fire losses in the United States were \$731,405,000 last year, the largest in the history of the nation," Chief Jacobs said. "Much of this loss can be prevented." He recommended removal of all combustible rubbish from closets, attics, cellars and garages; thorough inspection of furnaces and other heating units; re-

NEW FLOWERS AT MART TODAY

The advancing season brought new flowers to the Farmers Market this morning. Lilac blooms were both purple and white, and in profusion, selling for 20 and 25 cents a bunch. Tulips were 50 cents a dozen, and lilies of the valley 10 cents a bunch.

Among potted plants offered on the market this morning were bleeding hearts at 50 and 75 cents each and hardy primrose at 30 cents each.

Aside from these new spring flowers there was little change on the market today. Early garden produce and greens were plentiful, with rhubarb selling at 15 cents a bunch, lettuce at 15 cents a quart box, onions ten cents a bunch and

3 Autos Damaged; Driver Is Charged

Three automobiles were damaged and the driver of one will be charged with leaving the scene of an accident without revealing his identity, as the result of a crash on the Hanover-York Springs Rd. two and a half miles north of Hanover at 3:30 a.m. today, according to state police of the Gettysburg substation.

Police said Wilson H. Weaver, 37, of 122 Baltimore St., Hanover, traveling south, ran into cars of Kenneth A. and Paul M. Laughman, both of Hanover R. 3, which were parked in front of their homes. Damage to Weaver's car was estimated at \$125; to the other cars at \$150 and \$35 respectively.

The hit-run charge will be filed before Justice of the Peace Gerald Orndorff, New Oxford R. D.

MRS. E. D. SCOTT NAMED HEAD OF CHURCH WOMEN

Mrs. E. Donald Scott was elected president of the Gettysburg Council of Church Women at the annual luncheon and election of officers held at Christ Lutheran Church Friday afternoon. Mrs. Donald Trone was elected vice president; Mrs. Earl Shears, was re-elected recording secretary; Mrs. Earl Brandon was re-elected treasurer, and Mrs. H. C. Utech was elected corresponding secretary. The nominating committee included Mrs. Ralph R. Gresh, chairman; Mrs. J. Floyd Slaybaugh and Mrs. Philip Noble.

A closer unity of effort among Protestant churches and full support of the United Nations was urged by Mrs. Walter C. Langsam, guest speaker.

The "difference between Protestant churches is a sign of democracy rather than weakness," she said. "But we need to work together in a unity of effort; we need to do away with resentments and suspicion of those who do not believe just as we do; we need to learn more about other churches. At the same time we must not become wishy-washy in our own faith. We must be tolerant, but courageous in our beliefs. That is why I am so proud of this organization, for it brings Protestants together in prayer while respecting the beliefs of all."

"Be Good Citizens"

"As Christians we must be good citizens of our community and world. We must assume the responsibility of leadership. Gettysburg is a beautiful town; it can become more beautiful over the years. We must be positive in our approach, we must praise what is good, and by conscious effort we can achieve progress for our community."

"The evils of the world shape us, but even in evil there may be good—if it prompts us to take stock of ourselves, our attitude toward minority groups, our prejudices, our attitude toward the world."

"Christ taught common humanity, and nothing is more Christian than a passion for peace. There are millions of people seeking peace in the

APRIL SHOWERS NOT QUITE UP TO MARK HERE

April showers fell a little short of normal last month but their total was within a half inch of April's 50-year average here while temperatures were just a shade above what records show is normal for the fourth month of the year.

There were measurable amounts of rain on 10 days last month. They totaled 3.18 inches while normal April precipitation here is 3.65 inches. Snow flurries occurred several times but there was no snowfall in Gettysburg that could be measured during the 30-day period.

The average daily maximum temperature last month was 61.6 degrees and the average daily low was 41.75 degrees so that the month's average daily temperature came to 51.68 degrees. Normal is 51 degrees. No unusual extremes were reached by April temperatures. The highest was an 84 last Saturday but records show that 90-degree readings have been taken here in April in other years. The low for the month was 29 degrees and that occurred that day before the 84-mark was reached.

May Freezes Again—May Not
Below-freezing temperatures were recorded on four days near the middle of the month.

Now that May is here. Gettysburg weather records indicate that freezing temperatures will not likely come here again this spring—but there's nothing sure about it. Only 12 Mays in the last half century have seen the mercury drop to freezing or below in Gettysburg and only two of those occasions have occurred in the last decade.

The most recent May with freezing weather was in 1947 when the temperature dropped to 30 degrees on the 10th. That's the lowest May temperature ever recorded here since continuous records started in 1903. The hottest April day on record here was April 25, 1915, when the high reading was 95 degrees.

"Like Talking With Folk From Home"

This picture of the Gettysburg High School Seniors on the South Portico at the White House with Mrs. Dwight D. Eisenhower at the steps was taken shortly after Mamie had received the Gettysburg group in the Red Room early Monday afternoon.

Apparently greatly pleased with gifts the Seniors took with them to Washington for her and the President, Mrs. Eisenhower exclaimed: "Wait 'til I show these to Ike, he'll get a kick out of it," when the group identified a spray of purple lilacs they handed Mamie as coming from the Eisenhower farm.

"You're going to make me homesick," she declared when she was handed dogwood and redbud from Devil's Den. The seniors also presented her with a bushel of apples, some apple blossoms and a set of Lincoln bookends from Gettysburg.

Declaring it was "just like talking to people from home," Mrs. Eisenhower inquired about acquaintances here and sent messages to them. Chaperons accompanying the Seniors, not shown in the photo above, include Robert D. Fidler, Miss Ruth A. McIlhenny, Miss JoAnn R. Slifer and George Glenn of the faculty and Mrs. Albert Bachman, mother of a member of the class. The Seniors returned here Tuesday evening.

COUPLE WEDS IN NEW OXFORD THIS MORNING

Before an altar banked with pink and white snapdragons, Miss Marian Louise Small, Washington, D. C., daughter of Mr. and Mrs. Charles F. Small, 45 South St., became the bride of Charles William Aubertin, Washington, D. C., son of Mr. and Mrs. Heen Aubertin, Waterbury, Conn., and the late Oswald Aubertin, at a nuptial mass at 9 o'clock this morning in the Church of the Immaculate Conception, New Oxford, Rev. Fr. Wallace E. Sawdy, assistant pastor of St. Francis Xavier's Church, Gettysburg, performed the double-ring ceremony. Mrs. Bernard Frazer, Gettysburg, vocalist, was accompanied at the organ by Mrs. George F. Eberhart, also of Gettysburg.

The bride, who was given in marriage by her brother, Kenneth Small, Severn, Md., wore a white strapless gown fashioned with a tight-fitting lace bodice, a full skirt over satin, a lace jacket and matching mitts. Her fingertip veil of illusion net edged with lace was attached to a coronet of seed pearls. She carried a cascade bouquet of red roses, white carnations and trailing ivy. Her only jewelry was a strand of pearls.

Three Attendants

The maid of honor, Miss Ida Mae Moore, Washington, D. C., wore a pale blue strapless net gown with stole attached, designed with a full skirt and tight-fitting bodice. She carried a cascade bouquet of yellow roses, white carnations and trailing ivy and her headdress was a tiara of matching flowers and tulle.

The bridal attendants were Mrs. Ronald Heiges, Gettysburg, a sister

his timely messages on the home and related subjects. On Tuesday and Friday nights there will be pre-sermon illustrated talks for children. Tuesday night will also be Family Night, and Saturday night will be Youth Night.

The schedule for the series follows:

Monday, "It Is Finished"; Tuesday children's talk, "Is Breathing Important?"; family message, "The Five-Fold Family Famine"; Wednesday, "The Spirit-filled Life"; Thursday, "Hindrances That Help"; Friday, Children's talk, "The Devil's Promise Bottle"; sermon, "Reactions at Calvary"; Saturday, young people's message, "Fit To Live With"; sermon, "Does He Mean It?"; Sunday, morning message, "God's Arm" and evening message, "Christ's Coming, the Last Ten Minutes Before."

An invitation was extended to the public to attend by the pastor, the Rev. Leonard A. Falk.

SEEK FIGURES ON COMFORT STATION COST

The Associated Civic and Service Group will ask borough council Monday night to request State College for survey information on the building and maintenance costs of operating public comfort stations.

This was decided at a meeting of the group Friday night at the YWCA. Mrs. Guyon E. Buehler, president, presided. State College, Council President H. M. Oyler told a committee meeting earlier in the evening, made a survey of comfort stations in communities throughout Pennsylvania, and will furnish facts and figures free of charge on request of a municipality.

Cheaper Under Sidewalk

Wilbur L. Plank, engineer, also appeared before the committee with a revised plan to locate the proposed comfort station beneath the sidewalk in one of the segments of Lincoln Square. A former plan had considered locating it under the roadway between the curb and the center plot.

Although no estimates have been made of the probable cost, it was believed that the comfort station could be built under the sidewalk for less money than would be required to place it under the street, because much heavier steel girders would be required to bear the weight of traffic.

Mrs. Elizabeth Hennig, treasurer of the group, said the comfort station fund had \$1,000 at present. Ways and means of raising sufficient funds to build the rest rooms were discussed, but no definite steps can be taken, members of the group said, until a report is obtained on the probable cost.

May Be Self-supporting

Atty. Edward B. Buellet, a member of the group from the Rotary Club, said he believed that the rest rooms could be made self-supporting once in operation, or nearly so.

"I believe this is a question of making an investment in Gettysburg to help retain the tourist business and the shopping trade from the surrounding areas," he added.

Attending the meeting were Mrs. Buehler, Councilman John Millard, Mr. Buellet, Mrs. Ida Roth, Mrs. Verna Myers, N. A. Meligakes and Mrs. Hennig. The next meeting will be held June 5.

Jaycees Backing "Operation Pray"

Countians were urged today by the local Junior Chamber of Commerce to take part Sunday in "Operation Pray," the nation-wide endeavor by the Jaycees to have everyone join in praying Sunday for divine guidance for President Eisenhower, the Cabinet, Congress and Judiciary in their efforts to lead the world to peace.

Rev. Martin Knutsen, chairman of the Junior Chamber of Commerce committee promoting the special day for prayer for divine guidance of the nation in its peace efforts, said letters had been sent ministers urging them to add special prayers to their services.

In addition all countians are urged to say special prayers during the day for the president and other national officials.

CLASS TEACHER

The Rev. Charles Coffelt will be the teacher for the Men's Bible Class of St. James Lutheran Sunday School, Sunday at 9:15 a.m.

BLOOD DONOR STORY ON WGET TONIGHT

A story stressing the importance of blood donations in connection with treatment for polio serves as the basis for the plot of the third original radio play to be presented by Professor Harry Bolich's radio classes this evening at 7:45 o'clock over WGET.

Written by Gilbert Lupp and entitled "Your Power To Save," the play will be presented by Lucille Reichart as "Mrs. Jones," Lois Brown as "Ann," Don Janovich as "Dr. Green" and Frank Kennan as the narrator.

The play already is attracting interest of various groups supporting the blood donor drives and a transcription of the play which can be loaned for presentation in other cities is planned.

POLICE PROBE 23 ACCIDENTS DURING APRIL

State police of the Gettysburg substation investigated 23 automobile and truck accidents on Adams County highways during April, according to Sgt. Joseph E. Temple, in charge of the substation.

Twenty-four persons were injured, and property damage was estimated at \$11,355. There was no fatal accident during the month. The preceding month had 27 accidents, one of them fatal, 16 persons were injured and property damage was estimated at \$16,495.

There were 24 accidents investigated by state police in April a year ago, with 15 persons injured and property damage of \$12,937.

Officers at the substation made 287 patrols during the past month, traveling 15,100 miles. They spent 817 hours on traffic duty and patrols, 212 hours on criminal work, 960 on station assignment and 889 on special assignments.

Thirty-two criminal investigations were made, 23 accidents investigated, one state department investigation made and one other probe conducted. One stolen automobile, valued at \$1,000, was recovered, and \$100 in other missing property found and returned. Seventy-five arrests were made for traffic violations and 18 criminal arrests.

Choral Music Well Received At GHS

A good-sized audience received enthusiastically the program presented Friday evening in the Gettysburg High School auditorium by the Senior High School Choir, the Junior High School Chorus, the Girls' Ensemble and several school soloists.

The "Night of Choral Music" was presented under the direction of Paul W. Grove and Miss Anna Belle Russell. The varied program included sacred numbers, negro spirituals, popular and light classical selections, folk tunes and patriotic numbers.

5 HURT; \$1,800 DAMAGE HERE IN MIDNIGHT CRASH

Five persons were injured when two autos collided at the intersection of Hanover and York Sts. at 11:59 o'clock Friday night.

The injured included James Warren Parsons, 18, Winchester, Va., a deep laceration above the left eye; Sara Jane Pearson, 16, Boice, Va., a cut nose and sprained wrist; Thomas McCann Jr., 17, Stevenson, Va., a laceration and abrasions of the hand; Charlotte Pearson, 15, Boice, Va., cuts and abrasions of the nose and Betty Hall, 26, Hanover P. 3, three fractured ribs and abrasions of the right leg.

All but Miss Hall were passengers in a car being driven west on Hanover St. by James Warren Parsons. Miss Hall was a passenger in a car being driven east on York St. by Wilbur H. Richards, 26, Hanover.

Borough police, who investigated, said Parsons failed to halt at the stop sign at the intersection of York and Hanover Sts. and his car struck the approaching Richards vehicle.

A charge of failing to stop at a stop sign was placed before Justice of the Peace Robert P. Snyder against Parsons, who pleaded guilty and paid a \$5 fine and costs.

Damage totaled \$1,800, with the Parsons car described as a "total loss" by police. Parsons' vehicle skidded 40 feet before the crash and the Richards car skidded ten feet.

Woman's League To Hear Mrs. Walker

The last meeting of the Gettysburg sub-league of the Woman's League of Gettysburg College for the current college year will be held Tuesday at 2:30 p.m. at Christ Lutheran Church. Mrs. W. C. Waltemyer will lead the devotions.

The speaker will be Mrs. Howard Walker of York who has served for two years as vice president of the general league. She will give an illustrated talk on the history of the Woman's League.

Special music will be provided by Miss Linda Sheppard of the college. Mrs. George R. Larkin and Mrs. Wilmer Roth are joint chairmen. Additional hostesses are Mrs. Raymond Sammel, Mrs. John Teeter, Mrs. Milton Tipton, Mrs. Fred Troxell, Mrs. Wilbur Tilberg, Mrs. Waltemyer, Mrs. J. O. Warthen, Miss Maude Whiteleather, Mrs. Bruce N. Wolff, Mrs. Thomas Winter, Mrs. Marie Ziegler, Mrs. Andrew Maffett, rs. Herbert Schmidt and Mrs. Clarence Waybright.

RED CROSS IS OVERSUBSCRIBED IN FUND DRIVE

Charles W. Wolf, Red Cross 1953 Fund Campaign chairman, today announced that the \$14,000 goal for Adams County has been exceeded by approximately \$100 with seven districts surpassing their quotas.

The Gettysburg residential district, including the Seminary and Gettysburg College, reached its assigned figure of \$3,000 this week, with \$500 of this amount being collected from the students and faculty members. Dr. Frank Kramer was chairman of the Gettysburg College solicitation and the Rev. Mr. Herbert Schmidt of the Seminary, with members of the Inter-Fraternity Council and Pan-Hellenic Council cooperating. Mrs. Donald Sheely was chairman of the Gettysburg residential district.

Thank Contributors

Gettysburg business, industry, garages, clubs and other organizations raised their assigned quota of \$2,000, with J. B. Collins in charge of business, Charles E. Alwine, industry, and Carl Westerdaal, garages and service stations.

Other districts going "over the top" included: District 1, Fairfield, Mrs. Edwin Adams, chairman; District 5, East Berlin, Charles Hash, chairman; District 6, New Oxford, Mrs. Sara Estep, chairman; District 11, Abbottstown, Mrs. James Pohlenius, chairman, and Gettysburg rural South, Miss Verna Schwartz, chairman.

Chairman Wolf and Co-Chairman, N. A. Meligakes today expressed their thanks to all contributors and the chairmen and solicitors who made the success of the campaign possible.

ASK SPECTATORS AVOID CROWDING SCHOOL KIDDIES HERE ON MAY 30

Further plans for the annual Memorial Day observance were outlined Friday evening at a meeting of the committee at the GAR post rooms on E. Middle St.

The parade will start, according to tentative plans, at 2:15 o'clock on the afternoon of May 30 from the Meade School, and then proceed east on Chambersburg St. and south on Baltimore St. to the National Cemetery. School children will form at the High Street School.

Because school youngsters last year expressed their appreciation for the opportunity to "see the parade," the committee voted to again halt the school children on Baltimore St. at the cemetery gates to permit the remainder of the parade to pass in review before the school children move into the cemetery.

Provide More Police

Arrangements were made with Chief of Police Jack Bartlett for additional policing at the spot where the youngsters will stop with the hope that the spectators can be kept from "overrunning" the school children. The committee also asks the cooperation of the public. The school children will halt on the west side of Baltimore St. between the cemetery gates and opposite the Jennie Wade House. After the other part of the parade passes, they will fall in at the rear of the procession. The committee said that if spectators overrun the children again as they did last year, it will be necessary to revert to the former plan of having them march directly into the cemetery.

Gettysburg Post 15, Veterans of Foreign Wars, will provide the firing squad for the services in the cemetery. It was announced and Paul Snyder said that the Gettysburg High School band plans to wear its new uniforms on Memorial Day for the first time.

The next meeting of the committee will be held Friday, May 8, at 8:30 p.m. at the VFW home, Carlisle St.

PALMER GIVEN 60 DAYS IN JAIL AND FINED \$50

Victor "Swift" Palmer, York St., was sentenced to 60 days in the Adams County Jail and ordered to pay \$50, for the use of the county, and costs by the Adams County Court this morning on a charge of assault and battery.

The court told Palmer that "this is another case of someone who stayed too long in a taproom. The attack on Thomas George was unprovoked and you have absolutely no excuse and you didn't help yourself with the story you attempted to make the jury believe." Judge W. C. Sheely then said that the court recognizes that "you make a larger portion of your living from your summer work and as a result you will be paroled after 10 days but the court will not tolerate these attacks on people by persons who are drinking."

Gets Jail Sentence

Donald William Dederick, Teanack, N. J., was sentenced to from 11 to 23 months in the county jail on charges of larceny of an automobile and unauthorized use

300 More Burials In Cemetery

Three hundred additional burial plots have been made available in the Gettysburg National Cemetery for those who, upon death, are eligible for burial in that hallowed shrine.

This announcement was made by Congressman S. Walter Stauffer, of the Adams, York, Cumberland district, who said that his measure for the purchase of additional land for enlargement of the National Cemetery has been temporarily deferred.

The section opened for additional burials is known as Burial Section No. 4. It lies between Section 1 and 2 on the northwest side of the cemetery. At the present time 4,453 veterans of five wars are buried in the National Cemetery. They lost their lives in the Civil War, Spanish-American, World War I and II and the Korean war.

Burials by wars is as follows: Civil War: 3,706; Spanish-American: 31; World War I: 67; World II: 502; Korean War: 17; Current: 91; Women: 36; Civilian: 3.

Current applies to those who had military service but who died after the cemetery burial system was changed. The women are wives of service men and the civilians are members of service men's families.

MANY VISITING RIDERS TO COME HERE ON SUNDAY

Equestrians from the Harrisburg, Carlisle, York, Chambers-Waynesboro and Westminster Riding Clubs and a group from Hanover are expected to join with the Gettysburg Riding Club Sunday afternoon in a ride over the battlefield. The date and routes were chosen because the Red Bud and Dogwood are expected to be at their best this weekend.

The group will leave the Winebrenner farm at 1 p.m., taking the bridge path around the Peace Light to the brick yard and to W. Confederate and Springs Aves. Others will join the ride there, and will go to the Recreation Park and then to the high school to be joined by still others at 1:45 p.m. at the latter place.

The riders will continue from the high school around Culp's Hill to Spangler's Spring, arriving on the Baltimore Pike at the entrance to Evergreen Cemetery at 2:15 p.m. From there the riders will go to the High Water Mark and the Pennsylvania Monument on the battlefield, and will arrive at Eckert's Restaurant between 2:45 and 3 p.m. A stop will be made there for refreshments.

The National Park Service has granted special permission for an "extra" ride, off the regular bridge paths, from Eckert's Restaurant to the route of the old trolley line below Little Round Top to Devil's Den and back to the bridge path at Big Round Top. The riders will then take a route to W. Confederate Ave. at the Emmitsburg Rd. and along the bridge path west of Confederate Ave. to W. Middle St. and to the Winebrenner farm.

Tomato Plants At Knouse Foods Monday

Tomato plants will be available to Knouse Foods' tomato growers beginning Monday at Peach Glen, John B. Peters, head of the procurement department, told growers Friday night in a pre-season meeting held in the plant cafeteria. These plants are the same quality and varieties that Knouse Foods growers have used most satisfactorily.

Growers were asked to advise the department as soon as they know their plant needs. Plants will be available from 6 a.m. to 5 p.m. daily for the convenience of growers.

Carl Taylor, fieldman, gave an illustrated lecture on planting conditions, plant varieties and cultural practices. Fred Atlinger, assistant county agent of the extension service, spoke on disease control.

Knouse Foods' tomato acreage has been completely signed up for several months.

Arendtsville Had Near Normal Weather

Average temperatures at the Arendtsville weather station were close to normal at 50.52 degrees but that was 18 degrees below the average for April of last year.

Rainfall there last month totaled 3.77 inches which is more than three inches less than last April but only .15 inches short of normal. The accumulated rainfall for the first four months is 4.55 inches above normal but 2.40 below the comparable period last year.

The high for the month was 81 degrees on the 25th and the low was 27 degrees on the 22nd.

of an automobile and ordered to pay the costs. The sentence is to start as of February 3.

The charge of malicious mischief in connection with the cutting of television wires brought by Mr. and Mrs. Clair A. Moose, Littlestown R. D., against Oscar George Baughman, their next door neighbor, led to the jailing of Mr. Moose this morning. A jury had found Baughman not guilty and directed that the costs be divided between Baughman and Mr. and Mrs. Moose. Baughman paid his share of the costs but Moose told the court this morning "I'm not paying those costs." As a result of his failure to pay \$49.90, Moose was placed in custody of the sheriff until such time as he makes payment.

90-Day Sentence

Robert Lewis Gardner, York Springs R. 2, was sentenced to 90 days in jail and ordered to pay \$100 for the use of the county and costs on a charge of aggravated assault and battery brought by Ethel J. Currens, an Emmitsburg waitress. The court said it would consider a parole in 30 days.

John F. "Dick" Mays, Littlestown, who had pleaded nolle contendere to a charge of resisting an officer, was sentenced to five months in the county jail and ordered to pay the costs. He was placed on parole under the supervision of the probation officer on condition that he go to work, that his pay be banked and that he will be allowed to draw on that money only on signature of the probation officer.

Suspended Sentence

Mays had been arrested by two Littlestown policemen. He told the court he "didn't think there had been much resisting when 400 pounds of cop got hold of 140 pounds of drunk."

Robert Junior Luckenbaugh, Hanover R. 1, was given a suspended sentence on a charge of stealing seven dollars in pennies from "piggy" banks, placed on probation for six months and ordered to make restitution of \$5 and pay the costs in 30 days. He had previously returned approximately \$2 of the amount taken.

Lester C. King, York, charged with assault and battery and resisting arrest by Chief of Police M. P. Noel, New Oxford, was ordered to pay \$150 for the use of the county and the costs. Noel told the court he had stopped King's car and that King struck him on the jaw "when I wasn't looking" and knocked him to the road, dazing him. Attorneys for King said he had voluntarily offered to pay \$300 to Noel for medical and dental treatment and for pain and suffering caused by the blow.

Pet Skunk Gives Birth To Problems

DENVER (AP)—P-h-e-w, boy, did the Sam Arnolds ever get skunked Friday!

The skunk Arnold and his wife captured in the mountains six weeks ago as a companion for their bulldog and cat unexpectedly gave birth to seven descendants.

That's not "scentational" because they won't be a full-blown problem for some six weeks, veterinarians said. But the Arnolds live in a rented house and they figure the landlord's reaction will be a problem of a different stripe.

"HELP US ALL"

Oh, my God I ask for your guidance . . . as I plod the road of life . . . I implore You to be with me . . . so I'm equal to all strife . . . I beseech You to watch over . . . all the folks whom I hold dear . . . keep them safe from all temptation . . . keep them free of doubt and fear . . . help me do what's good and holy . . . fill my heart with peace and love . . . so that I can gain Your favor . . . and Your promise from above . . . give me strength to help the weary . . . give me faith to follow through . . . for I know I would be lost God . . . if I had no help from You . . . hear my prayer and grant my pleading . . . You alone prevent my fall . . . oh, I ask You for this favor . . . God above me help us all.

French Forces Use Biggest Airlift

HANOI, Indochina (AP) — French Union forces pushed the biggest airlift of the seven-year-old war in Indochina today to bolster the royal Laotian capital of Luangprabang against a threatened attack by Communist-led Vietnamese rebels.

French officials reported last night that forward elements of the Vietnamese invading force were near

Pakhou, 12 miles north of Luangprabang. French and Laotian troops defending the town of 6,000 inhabitants were digging in for a strong stand.

The French command believes the rebels may try to open an assault on the town Sunday—their favorite day for attacks.

TEN YEARS AGO

College Wartime Commencement: Before a huge service flag containing more than 800 blue stars, flanked by a silk American flag and the college standard, and in the presence of more than one thousand parents and friends, Gettysburg College held its wartime 11th commencement exercises Monday morning in the majestic theatre.

There were few vacant seats. The program was restricted to wartime simplicity and the audience seemed to sense the hushed implication that the 104 graduates would soon enter military service of the country.

The Reverend William Raymond Sammel, D. D., pronounced the invocation. William Lindsay Black, a freshman, sang "The Lord's Prayer."

Honorable James W. Fulbright, L.L.B., Arkansas congressman, delivered the address. Air Corps Cadet Elmer E. Smith, accompanied by Robert Rau at the piano, sang "Ave Maria."

Dr. Henry W. A. Hanson conferred the degrees. Dean W. E. Tiberg called the names.

The valedictorian was Wilbert Beachy and the salutatorian, Robert Wynn.

Among those receiving the degree of Bachelor of Arts were: Adelaide Barr, Thomas Bullett, Samuel Daley, William Everhart, Frederick Gotwald, William Hutchinson, Wallace Kane, Thomas Miller, Jane Quintanilla, Helen Saby and Eugene Sheely.

Returns from Hospital: Harry Harmon, Mummasburg, returned last Sunday from Johns Hopkins Hospital, Baltimore, where he was a patient for several weeks.

Pfeffer Is New Head of Local Ration Board: Burgess Fred G. Pfeffer was appointed chairman of the Gettysburg War Price and Rationing board at a reorganization meeting of the group held Tuesday evening at the local offices on N. Washington St. He succeeds Dr. H. C. Alleman, chairman of the board since its inception, who resigned because of ill health.

The board, recently increased to 12 members was divided into four panels: S. L. Allison, Robert Garretson and the Rev. A. R. Longacker were selected for the tires panel; Burgess Pfeffer, Paul Rohrbaugh and Warren K. Enck were named to the gasoline panel; C. A. Helges, A. C. Keeler and B. E. S. Bowers were selected for the fuel oil and tractor gasoline panel, and Mrs. Anna Plank, H. W. Knouse and Luther M. Lady were appointed to the processed foods, meats and fats panel.

Miss Thelma Reilly Is Bride of Cadet Deardorff: Miss Thelma Reilly, daughter of Dr. Albert A. Reilly, Jacksonville, Florida, and Cadet Earl R. Deardorff, son of Mr. and Mrs. Melvin O. Deardorff, Biglerville, were united in marriage in Jacksonville, April 10. It was learned Friday. The ceremony was performed by the Rev. Frank Dowling.

Cadet Deardorff entered the Navy Air Corps January 1942. He was seriously injured June 29 when his plane crashed at Jacksonville Navy Air station. He has been a patient at the Jacksonville Naval Hospital since that time.

Attendants at the wedding were Lieut. and Mrs. Wyman McDaniel. Cadet and Mrs. Deardorff are spending a two-weeks sick leave with his parents.

Dr. James Dickson to Begin Practice: Dr. James A. Dickson, accompanied by Mrs. Dickson, left on Tuesday for Lancaster, where Dr. Dickson will be associated with the Drs. Altie in "the practice of general surgery."

F. D. R. Orders Government to Take over Coal Mines: Washington, May 1 (AP) — President Roosevelt today directed Secretary of Interior Ickes to take immediate possession of all coal mines in which a strike or work stoppage has occurred, or is threatened.

At the same time he directed War Secretary Stimson to take such action, if any, as he may deem necessary or desirable, "to

VAIN LONGINGS

I never go into a shop
But what at something bright I
stop.
And on it turn a wistful eye,
Regretful that I cannot buy.

Always in brilliant array
Are splendid trinkets on display,
Uncounted bits of loveliness
It would be pleasing to possess.

One day perhaps I may be free
To purchase everything I see.
But was the mortal ever known
Who gathered all he wished to own?

Life spreads its joy upon display
And some we purchase when we
may,
But wisest he who comes to know
That there are charms he must
forego.

This life has pleasures great and
small,
But none of us can reap them all.
With every man whose voice is
stilled

Dies many a day dream unfulfilled.

New Oxford

NEW OXFORD — The Joseph L. Perry family, Baltimore, were recent visitors at the home of her mother, Mrs. Arthur S. Noel, and family.

The Men's Brotherhood of St. Paul's Reformed church met at the church property for a regular session Tuesday evening.

First Friday devotions at the local Catholic Church took place Friday with mass at 7:30 a.m., followed by special prayers and Benediction of the Blessed Sacrament. Holy Communion was distributed at 6 a.m. for those unable to attend the mass.

Saturday, is being marked at the Catholic church as the First Saturday in honor of Our Lady of Fatima, with mass at 7:30 a.m., and also as "Mary's Day," honoring the Blessed Virgin Mary to whom the entire month of May is dedicated by Catholics throughout the world. The National Council of Women attended this mass and received Holy Communion in a body.

A daughter was born April 15 to Mr. and Mrs. William Sanders, Hanover. He is the son of Mr. and Mrs. J. Felix Sanders, this place. She is the former Catherine Miller, Arendtsville.

Rebecca Ann, elder daughter of Mr. and Mrs. Ryland Robinson, and a pupil at the local parochial school, appeared during the past week on a television program over WBALTV.

ment of a bouquet of two dozen red roses. Lady Dixon was visibly impressed.

Judge W. C. Sheely was the master of ceremonies. The Gettysburg High School band rendered a half-hour's concert prior to the opening of the program.

Colonel William S. Culbertson, former United States ambassador to Chile and a member of the general staff, presented Lady Dixon.

Theda, Donna and Anita, daughters of Mr. and Mrs. Cyril Rickard, entertained with Hawaiian string music at a Hanover Boy

Baltimore. Rebecca was a guest of Al Ross, master of ceremonies on the "Candy Corner" show.

William Himes, this place, has been elected for 1953 to the board of directors to serve the American Insulator Corporation. Election were held last week at the plant office in New Freedom.

J. Francis Yake, Gettysburg attorney, who will make his home with his wife and three sons at the former Taughinbaugh farm east of town, disposed of real estate at public sale on Saturday at McSherrytown where the family have been living.

Kenneth A. Walker, who farmed the local farm several years ago under another owner, has begun his duties in charge of the place for Mr. Yake. The Walkers reside north of town.

Mrs. Vesta Lingg entertained fellow members of the local 500 Club at their regular meeting Tuesday evening, at her home.

NEW OXFORD — Miss Eleanor M. Miller, Baltimore, was a visitor last weekend at the home of her father, Charles F. Miller Sr.

Improvement is reported in the condition of Mrs. Russell Myers, who was confined to her home near Pine Run by sickness for some days.

The young men and women of the Sodality group of the local Catholic parish conducted a public card party and refreshment sale at the parochial hall Wednesday evening for the benefit of parish projects.

Parishioners of the local Catholic church have been informed that the annual collection for the support of young men of Harrisburg diocese studying for the priesthood will be received at the church on Pentecost Sunday, May 24.

Theda, Donna and Anita, daughters of Mr. and Mrs. Cyril Rickard, entertained with Hawaiian string music at a Hanover Boy

and Jacqueline, have moved from W. King St. to the Lloyd Heiner farm west of town. Mr. Tribby is vocational agriculture instructor at the local high school.

Guy Slothour, Hanover, formerly of this section, has been a patient at the Hanover Hospital.

A large electric clock was recently installed at the East Berlin National Bank building.

Mrs. Bert Stambaugh, south of town, who suffered a slight stroke during the Easter season, has improved sufficiently to take over light duties at her home.

Mrs. Curtis W. Deatrick, R. 2, who was bedfast for six months of the past year due to neuritis, continues to improve steadily and can attend to much of her household work.

Charles B. Wallace, Berlin Heights, is recovering from a serious knee infection that had confined him to his home for several days.

Mr. and Mrs. Clyde C. Sowards, northwest of town, spent the weekend in Wilmington, Del., where they attended several social events. Mrs. Sowards, who had visited at her former home in South Carolina earlier this spring, has recovered from a virus infection that had confined her to bed for more than a week after her return north.

Marlyn Krout, son of Mr. and Mrs. George Krout, near Thomasville, and a former student at the local high school, who has been at Bainbridge, Md., since entering the air corps early this year, was on leave recently at his parent's home.

The Ladies Auxiliary of Liberty Fire Co. reports satisfaction with the scrap paper drive which they conducted through this area April 25. The waste materials will be sold for the benefit of the fund to finance the recent purchase of the

East Berlin

EAST BERLIN — Donald R. Moul made a trip to Carlisle early this week to attend to business. Mr. and Mrs. Raymond E. Tribby and daughters, April, Barbara

Scout group's program during the past week in Hanover. Thera, the eldest, is a student at St. Joseph's Academy, McSherrytown, while Donna and Anita attend the local parochial school. They study music with Harold Pratt, Hanover instructor.

Mrs. Goldie M. Bower, local postmistress, with Mrs. Nellie Kopman Stambaugh, Abbottstown postmistress and a former resident of this section, spent an evening recently attending a postmasters' banquet at Jefferson, York County.

The Rev. Philip J. Gergen, pastor of the local Catholic church, returned several days ago from a trip to New York City. With Father Gergen was the Rev. Wallace Sawdy, St. Francis Xavier parish, Gettysburg.

The Rev. Archie C. Rohrbaugh, pastor of St. Paul's Reformed church, will participate Sunday at rededication services at 2 p.m. in St. Peter's (Lisichy's) church, just south of Spring Grove. Rev. Rohrbaugh is a son of the congregation. The occasion for the special service is the completion of the \$40,000 remodeling program of the Lisichy's church building.

The Rev. Howard E. Sheely, pastor of a Reformed church in Hanover since leaving the local charge several years ago, will go to Tiffin, O., in late June as a delegate to the triennial sessions of the U. S. General Synod of the Evangelical and Reformed Church. Rev. Sheely will be among the seven delegates from the Mercersburg Synod of this state.

GHS Laces Hanover Trackmen 104-14 To Remain Unbeaten; Two New Meet Records Set

Gettysburg High School's undefeated track and field team tuned up for the defense of its South Penn Conference crown next Saturday by outclassing Hanover High 104-14 here Friday afternoon for the Warriors' fourth straight victory in as many engagements.

The Warriors captured 13 first places in the 14 events with Joe Tonsel, a freshman; Jim Skinner and Stanton Musser, seniors, turning in double victories. Tonsel won the 100-yard dash and broad jump; Skinner took the javelin and discus events, and Musser won the 440 and 110-yard hurdles.

Two new records for the meet were set. Tonsel's leap in the broad jump was good for 20 feet 5 inches, eclipsing the old mark of 19 feet 9½ inches set by Tom McLaughlin in 1946. Johnny Beagle ran the mile in 4:40.2 to lower the mark he set for the meet last year at 4:45.4.

Hanover's lone victory was registered by Winebrenner who won the pole vault with a jump of 9 feet 10 inches.

Other victories for Gettysburg were won by the following: Ronnie Williams, 220-yard dash; Jimmy Coleman, 880-yard dash; John Carter, shot put; Jeffrey Langsam, high jump; 880-yard relay team, Roger Zeien, Williams, Dave Gifford and George Carey; mile relay, Ronnie Miller, Paul Evans, Carl Wester-dahl and Merle Gorman.

Next Saturday the Warriors will go to Hanover for the annual conference meet. Coaches George Forney and Fred Haehnlen will be gunning for the second straight title and their 15th since the meet was begun in 1932.

The summaries:

100-yard dash—Tonsel, G; Zeien, G; Gifford, G. Time, 10.8.

220-yard dash—Williams, G; Zeien, G; Gifford, G. Time, 24.4.

440-yard dash—Musser, G; De-Haas, G; Evans, G. Time 54.1.

880-yard dash—Coleman, G; Beagle, G; Gary, H. Time 2:08.5.

Mile run—Beagle, G; Whittaker, H; Pennington, G. Time, 4:40.2.

110 hurdles—Musser, G; Crouse, G; Rabenstein, H. Time, 13.6.

Javelin—Skinner, G; Williams, G; Fuhrman, H. Distance, 142-1.

Shot put—Carter, G; Skinner, G; Smith, G. Distance, 45-4.

Discus—Skinner, G; Carter, G; Pittenger, H. Distance, 123-8.

Pole vault—Winebrenner, H; Sterner, G; Keefer, G. Height, 9-10.

Broad jump—Tonsel, G; Carter, G; Fuhrman, H. Distance, 20-5.

High jump—Langsam, G; Schmitt, G; Fuhrman, H. and Nickey, H. tie. Height, 5-7.

880-relay—Gettysburg (Zeien, Williams, Gifford, Carey.) Time, 1:38.5.

Mile relay—Gettysburg (Miller, Evans, Wester-dahl, Gorman.) Time, 3:48.6.

150 GHS Athletes

To Be Moose Guests

Approximately 150 Gettysburg High School student athletes will be guests of the local Moose Lodge Monday evening at the fifth annual sportsmanship banquet to be held by the lodge.

The dinner is given to the student athletes each year in recognition of the sportsmanship and ability of all the students connected with the athletic program at the high school.

John Yovicsin, Gettysburg College coach, will be the principal speaker. Attorney Donald M. Swope will be toastmaster. Past Governor Robert Neary will preside. The invocation will be given by the Rev. John Fry, prelate of the local lodge.

New Pa. Road Maps

Being Distributed

New official 1953 road maps of Pennsylvania, published by the State Highway Department, are now ready for distribution. The 41,000 miles of state highways are shown, together with many secondary roads.

The reverse side of the large map contains a mileage map, and individual maps of several larger communities. There is a map of Gettysburg, showing all the routes entering the town, among these.

The new turnpike extension east, and the Lincoln Highway new route west of Gettysburg and Dillsburg cutoff north of Gettysburg, are shown on the large map.

AT RADIO MEETING

Radio Station WWGC, Gettysburg College, is represented at the Intercollegiate Broadcasting System, Region 3, meeting being held today at New York University by Irvin Rosenbaum of the student staff. The session will discuss problems of programming and engineering in connection with operating a college station.

Two More County Games Postponed

Wet grounds and threatening weather brought postponement of the Biglerville-York Springs and Fairfield-Littlestown games in the Adams County Scholastic Baseball League Friday. Biglerville will play at York Springs next Wednesday while Littlestown will play at Fairfield on May 11.

Regularly scheduled games next Tuesday include Bolling Springs at Biglerville, Littlestown at New Oxford, York Springs at East Berlin, and Newville at Fairfield.

Bolling Springs, defending champions and unbeaten in 24 straight games, can clinch at least a tie for first place by winning at Biglerville. A defeat would eliminate Biglerville with Littlestown remaining as the lone contender providing it wins on Tuesday.

world. We have established an instrument that we can use to help develop the world, give freedom to peoples and bring about peace. That instrument is the United Nations. Yet we seem here to know and think little of it. Without the United Nations the world would be in chaos today. It can do great things, if we wish it to do so, and help it. We must support it visibly and ardently."

President Reports

In her annual report the retiring president, Mrs. Herbert H. Schmidt, listed among the activities of the year the World Community Day and World Day of Prayer programs. She thanked the committees for their work, and reported on highlights of the Conference of the Council of Church Women held April 22 and 23 at Penn State to which she and Mrs. Louise Hoffman were delegate and alternate. She announced the executive committee had authorized writing Senator Donald P. McPherson Jr. and Assemblyman Worley a letter stating the council's opposition to legalized gambling and Sunday sale of liquor and approval of the proposed state adoption and child welfare legislation.

Devotionals included the group singing of "Take My Life, Let It Be"

with Mrs. Reginald W. Deitz at the piano. A prayer was read by Mrs. Jessie Easterday. Mrs. John Miller, a student at the Gettysburg Seminary, sang a spiritual selection accompanied by Mrs. Deitz. Rodney Felix sang "Young Tom O'Devon" accompanied by Miss Jeanne Little, moth Gettysburg High School students. Mrs. Conway S. Williams introduced Miss Little and Mr. Felix.

Mrs. Raymond Sorrick and Mrs. Earl Shears gave reports. Five dollars was donated to the Migrant Worker fund and \$10 to the Pennsylvania Council of Churches. The council announced that it will purchase literature on the United Nations to be distributed to local high school students.

Mrs. Deitz welcomed the 60 members, guests and ministers present.

The program committee included: Mrs. Deitz, chairman; Mrs. Jessie Easterday, Mrs. Granville R. Schultz, Mrs. Conway S. Williams, Mrs. Levi Ogburn and Mrs. William Pensyl.

A springlike theme was reflected in the lilacs on the tables and the baskets of red tulips and lilacs throughout the room.

Sabres Blast Red Targets In North Korea

SEOUL (P)—The U. N. Command sent hundreds of deadly Sabre jets and fighter-bombers streaking over North Korea today in a grim search for Red MIG jets and troop and supply targets.

No MIGs were sighted, but the Air Force said several rich targets were smashed.

Fighter-bombers blasted a series of rail bridges near the North Korean capital of Pyongyang. Thunderjet pilots claimed two bridges destroyed and two damaged.

Australian Meteor jets, Marine Panther jets and bomb-carrying Sabre jets pounded frontline targets in Western Korea, the Air Force said.

Only a few light skirmishes were reported along the quiet 155-mile battle line.

Shortly after midnight Red loudspeakers across the front began broadcasting more appeals for peace. One announcer called on American troops to make peace, stop fighting and "tell the folks back home to write Postoffice Box 574, Washington, D. C."

The announcer did not say who holds the box.

Planes from two U. S. carriers pounded Communist coastal batteries and frontline supply centers in Eastern Korea Friday, the Navy said.

Mrs. Raymond Sorrick and Mrs. Earl Shears gave reports. Five dollars was donated to the Migrant Worker fund and \$10 to the Pennsylvania Council of Churches. The council announced that it will purchase literature on the United Nations to be distributed to local high school students.

100,000 To See Unbeaten Native Dancer Run Against 11 Others Today In Derby

LOUISVILLE, Ky. (P)—Native Dancer answers the big question today in the Kentucky Derby—America's most glamorous horse race—expected to attract more than 100,000 to Churchill Downs for its 79th running.

The question is whether the blue-grey bearer of Alfred Vanderbilt's cerise and white diamond silks, winner of 11 races in an unbeaten career, can whip 11 other highly-tuned three-year olds over the Downs' testing mile and one-quarter.

Never before has the son of Polyanesian been asked to show the speed and stamina necessary to capture the classic run for the roses. But the manner in which he completed a pre-Derby record matched only by Morvich in 1921 and '22 indicates the Dancer will be crowned with the garland of red roses at the finish of the long journey.

3 To 5 Choice

The condition of the track probably will make some difference in the betting odds but the Dancer, who may or may not have a running mate in Social Outcast, probably will answer the call to boots and saddles as the 3 to 5 choice.

Post time is 4:30 p. m. (EST). The Columbia Broadcasting System will televise the colorful scene and the race between 4 and 4:45 p. m. It will be broadcast, also by CBS, from 4:15 to 4:45.

After several days of intermittent rains, the weatherman promised clearing skies by noon and some sun by post time.

Two Doubtful Starters

Although 12 horses were entered no more than 10 are expected to get the word "go" from starter Ruby White. Social Outcast is a doubtful starter if the going is fast. Money Broker, the Florida Derby winner, was considered a doubtful starter unless it comes up mud. And Trainer Jack Hodgins said he might scratch Dixiana Farm's Spy Defense just because he doesn't believe his horse belongs in the same field with the "big grey."

Most other trainers felt much the same way but planned on starting their charges with more hope than confidence. That is, about all except Wally Dunn, who'll throw a saddle over Correspondent, the 4 to 1 second choice.

HOGAN TIED FOR 4TH IN MEXICO CITY TOURNEY

MEXICO CITY (P)—Ben Hogan is a bit edgy and his putting has gone sour but nobody was counting him out as the \$15,000 Pan American Open golf tournament swung into the third round today.

At the halfway stage the grim little master, three-time winner of the U. S. Open championship, is tied for fourth place, three strokes back of the leaders—Dave Douglas and Art Wall, Honesdale, Pa. That's not a comfortable margin to hold over one of the greatest finishers in the game.

Douglas, a wiry young pro from Newark, Del., added a 72 yesterday to his first round 69 while Wall, a former Duke University star who is widely known for making holes-in-one, bracketed a 70 with a previous 71.

Hogan At Par

This gave them a two-round total of 141, two strokes better than Gardner Dickinson, Jr., of Panama City, with 72-71, and three better than Hogan and Douglas Higgins of Fort Worth, Tex.

Hogan, now playing out of Palm Springs, Calif., has toured in two even-par 72s over the 7,400-yard golf club of Mexico course. Higgins' rounds were 73 and 71.

The course's broad, lightning fast greens have been giving Hogan trouble and that is quite unusual. The Texan is rated one of the steepest putters in golf and it was tinged against the greens which recently won him his second Masters title at Augusta, Ga.

Trailing 5-1 after six innings the Yankees rallied for a pair of runs in the seventh, two more in the eighth and filled the bases with one out in the ninth before Saul Rogovin came in to strike out Yogi Berra and get Billy Martin on a sinking liner to right field.

Another For Adcock

Paul Pettit, Pittsburgh's \$100,000 bonus baby of 1950, paid his first major league dividend as he got credit for the victory over Cincinnati. He needed help from Johnny Hetki in the seventh and Murry Dickson came on in the ninth but it was Pettit's game, his first decision. Pete Castiglione homered twice for the Pirates.

The fast fading Phillies, who now have lost four and tied one in their last five starts, were held at bay by righthander Jim Wilson who contributed a home run to the 10-hit Milwaukee attack. Joe Adcock and Andy Paiko also homered for the Braves.

The Cardinals continued their unbeaten tour of the East at the expense of Dave Koslo. The Giants had one bad inning, the third, when the Red Birds put together four singles after two were out to score three runs—all Gerry Staley needed to register his second victory. The New York runs came on a second inning homer by Al Dark.

KE SAYS U. S. TO HASTEN BUILDUP OF MILITARY IN LONG HAUL PLAN

WASHINGTON (AP) — President Eisenhower contemplates America will hasten its military buildup next year despite a reduction in spending and with a "radical" change from fixed target dates to a long-haul program.

If the armed forces were worried about a reported \$4,400,000,000 cut in spending for the fiscal year starting July 1—most of it in military and foreign aid funds—they could take some heart from Eisenhower's words.

In a news conference statement Thursday, Eisenhower called former President Truman's military blueprint a "crazy quilt." He said his administration is scrapping the idea that the West should be ready for possible Russian attack in 1954 or 1955 in favor of a gradual program.

Speed Armed Forces Building
The President was asked if the armed forces would be reduced, in view of Capitol Hill reports that spending would be cut.

Eisenhower replied he couldn't tell regarding long-range objectives but that he could say: there will be more build-up in '54 than was possible under the operations and activities as they were proceeding in January, when the new administration took over.

This, the President said, was possible because of a shortening up of lead times—the period between the designing of a weapon and the start of volume production—and concentration on critical areas and items. He did not elaborate on the latter.

Defense Department spending during March was at a rate of about \$4,200,000,000, as compared with a spending rate of about \$3,600,000,000 in January.

In a statement read at the start of his news conference, Eisenhower blasted what he called a "crazy quilt of promises, commitments, and contracts" growing out of defense planning on the assumption Russia would have the air strength by 1954 or 1955 to launch an atomic attack.

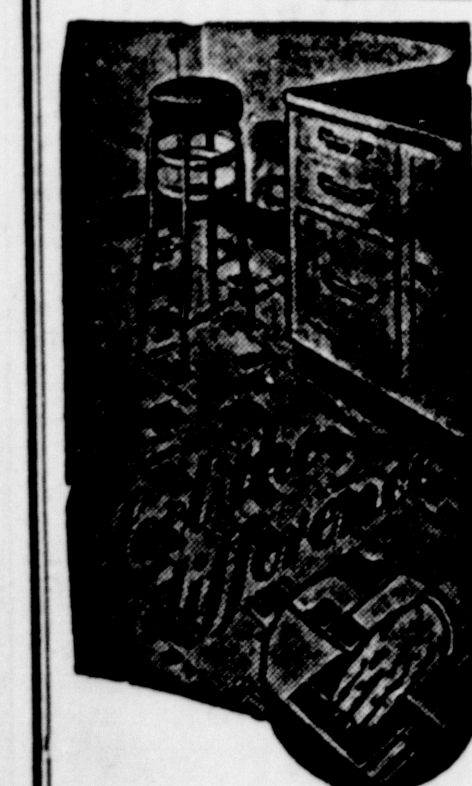

The President said he does not admit anyone can predict in what year such an attack might come.

Protest Closing Of Indiantown Gap

HARRISBURG (AP) — Protests piled up today against the Army's order closing Indiantown Gap as a troop training center on Sept. 1.

The Pottsville Chamber of Commerce sent telegrams to Washington that the closing order would end jobs for 1,000 civilian workers from Schuylkill County, now employed at the big military reservation.

District delegates of the American Legion, at a meeting in Shippenburg, adopted a resolution declaring that closing of the Indiantown Gap Training Center is "a serious step in the wrong direction in effective defense of our country and in the use of the word economy as an excuse."

The protests developed from the Defense Department's announcement this week that Indiantown Gap would be discontinued as a troop training center on Sept. 1. Headquarters of the Pennsylvania Military District will be retained at the Gap.

Since 1951 some 40,000 soldiers have been trained there by the Fifth Division. There are now about 17,000 soldiers at the big Army base.

AS TORNADOES SWEEP SOUTH; ALABAMA HIT

BIRMINGHAM, Ala. (AP) — Spring tornadoes roaring through the South for the second straight day killed seven persons and left at least 12 others injured yesterday in Alabama.

The deadly funnels of destruction danced along a 60-mile path in North Central Alabama, striking a shattering blow near Ashland where all the dead and most of the injured were counted.

The Alabama tornadoes struck one day after Warner Robins, Ga., was ravaged by a twister that left 18 dead. Between 250 and 300 persons were injured there, and damage was estimated at 15 million dollars.

Houses Levelled
Two Highway Patrol officers saw a tornado appear near Calera, 33 miles south of Birmingham.

"We watched it form and begin to pick things up," related W. L. Allen. "When it got too close to us, we ran like hell."

A Negro mother and child were injured and "four or five" homes levelled in this section before the raging winds bounded toward the East.

Power Lines Out
The storm smashed a cluster of homes near Ashland just as night fell, killing seven persons in three family groups.

The blasting winds and an accompanying lightning storm knocked out all electric power at Ashland. The first injured brought to the tiny Clay County Hospital were treated by candlelight.

CAN'T BALANCE BUDGET YET, IKE DECLARES

WASHINGTON (AP) — President Eisenhower's statement that his administration sees no way to balance the budget for the next fiscal year appeared likely today to delay indefinitely any fresh tax cuts.

Eisenhower told a White House news conference Thursday it will be impossible to bring expenditures completely in line with revenue. Sen. Taft (R-Ohio) said Congress may have to approve new appropriations without any final spending estimates for the fiscal year beginning July 1.

To Sen. George (D-Ga.), an old hand at fiscal matters, this spelled delay and possibly no tax reductions at all beyond the already scheduled death of the excess profits levy on July 1 and a 10 per cent decline in individual income taxes set for next Jan. 1.

Sees No Leeway
Commenting on the president's statement, George said: "I don't see how it leaves any leeway for a tax reduction."

Some House leaders, however, clung to a hope they will pass a tax cut this year, although they agreed with the President that tax reductions should not be considered until a balanced budget is in sight.

Republican leader Halleck (Ind.) said in an interview, "I still wouldn't rule out any chance of a tax reduction. I don't think there will be any big fight with the administration but we may cut appropriations even below the administration requests."

Martin Still Hoping
And House Speaker Joseph Martin (R-Mass.) said:

SAYS FOREIGN AID MAY BE CUT UNDER 4 BILLION

WASHINGTON (AP) — Rep. Taber (R-NY) said Friday next year's foreign aid request might be set finally at less than four billion dollars by cutting off unused funds from past years.

Taber, chairman of the House Appropriations Committee, said the Eisenhower administration has set a tentative total of \$5,800,000,000 for foreign aid in the fiscal year starting July 1, compared with \$7,600,000,000 recommended by former President Truman.

But Taber said the Eisenhower administration has promised to subtract from its \$5,800,000,000 estimate all funds for foreign aid that remain unobligated when the current fiscal year ends June 30.

"Ought To Be Halved"
This additional cut, he said in an interview, "might readily be 1 1/2 to two billion dollars." If it were the latter, the foreign aid appropriation for the year would run \$3,800,000,000. Spending presumably would run higher, including funds voted in previous years and obligated before June 30.

Chairman Bridges (R-NH) of the Senate Appropriations Committee, did not go that far but he gave indications his committee may try to lop the figure down to an even five billion.

Sen. McCarran (D-Nev.), a member of Bridges' group, commented, however, that "it ought to be cut in half."

Hearings on foreign aid are scheduled to begin next Tuesday. A sharp fight was predicted by some congressmen if the figure remains unchanged.

URGE CROP OF BLUEBERRIES

Interested by the number of local blueberry growers who have developed crops of this comparatively new commercial berry the C. H. Musselman Company, Biglerville, is experimenting with plantings with a view to providing a local market for blueberries. The berries can be used for flavoring or for pie mixes.

The cultivated berry is larger, more attractive in appearance than the wild berry, and is easier to prepare because it is free from trash, dirt and green or spoiled berries.

According to Don Horst, crop supervisor for the Musselman Company, "good blueberry soil is often a black and sandy soil, an acid soil, often with a base of peat or muck. It is not usually expensive farmland, but provides a use for land that would often not be used. Often wild land growing wild blueberries, white cedar, red maple and pine or leather leaf makes good blueberry land. Local temperatures are suitable for blueberry growing. Swamp land is not good. Good drainage is essential. It takes several years to bring a blueberry field into production after the land has been cleared for planting."

BIG FISH STORY

Ross King, Orrtanna, caught two carp, weighing seven and 11 pounds respectively Thursday in the Monocacy River. He was fishing with his son, Floyd King. One fish measured 27 inches and the other 23 inches.

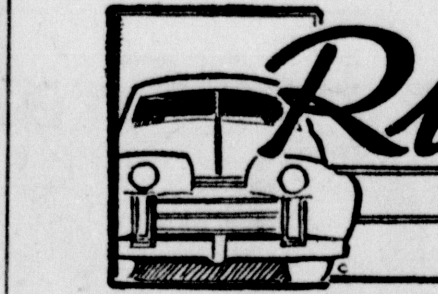

the appropriation cuts that will justify a tax reduction."

Eisenhower declined to speculate on possible additional tax reductions and Taft, the Senate Republican leader, significantly withheld any predictions on this score.

No Tax Cut Pledge
But the Ohio Senator said in an interview he doubts that any firm estimates will be given Congress in the present session on federal spending, which he said "will determine tax policy and whether there is a deficit."

Many Republicans promised a balanced budget and reduced levies in last year's political campaign, but Eisenhower has said he made no pledge to cut taxes.

Eisenhower announced he will ask Congress to vote 8 1/2 billion dollars less than the \$72,900,000,000 in new appropriations former President Truman had recommended for the coming year.

One is a tester for gasoline gauges. This will also save expense since it will not be necessary for the mechanic to use spare tank and dash units when checking a misbehaving gauge.

Danger In Brevity
One of the lessons I have learned through these many years of writing on the subject of our gas-purged gals is the risk in a too brief safety hint. Too many people who read as they run further shorten the driving tip until it may become a hazard. That is why a list of pointers on safe driving may do more harm than good. They fail to suggest necessary ways of following through, or to point out exceptions to the rule. For instance, there is that old one about steering the car in the direction the rear end is skidding. The owner of a very light car could easily throw it into a counter skid by cutting the front wheels too sharply. If the car is heavy the correction for the skid has to be done more quickly and more sharply. Road conditions also have to be considered; likewise the tires. If front tires are bald there's little chance of steering serving as an effective skid control.

Better Stability Ahead
A drive to make it easier for motorists to buy replacement shock absorber is viewed as a step toward safety because stability has a lot to do with prevention of accidents, especially on curves. Millions of cars are being operated with one or more shock absorbers in bad condition. Some of these shocks merely need fluid; others need to be scrapped and replaced. It is important to note that with some of the newer types of shock absorbers the old test of ricking the ends of the car up and down no longer serves to indicate whether the springs' controls are or are not working properly. A test run over different kinds of paving is needed.

The Motor Primer
The starting-motor is one of those units of the car that functions so faithfully few owners ever give it any thought. For those occasional times when it gives trouble, however, it is well to have a general idea of its main points.

It must have plenty of current, which means a well-charged battery, a good cable and good connections. Closely allied to this is the necessity for clean contacts at the operating switch and at the solenoid and relay. Unfortunately the starter motor has to operate a pinion gear which meshes with the large gear on the circumference of the flywheel. This complicates matters because the starter drive is subject to numerous troubles. Starting motors need new brushes occasionally and should be checked over at least once a year. Most of them have self-lubricated bearings.

Mechanic Joe Speaking:
"The sight of a mess of rust or scale at the top of the radiator may suggest trouble but remember that the top of the cooling system usually looks the worst. This is just another reason why a good reverse flushing by an expert at this sort of thing is preferable to the home-type of draining and flushing with a garden hose. Incidentally, when you have assured yourself that the cooling system is in fine fettle don't forget to add rust inhibitor, preferably of the soluble oil type."

"It is true, of course, that hard scale will collect at the bottom of the motor block jackets, but usually it is the scum at the top of the radiator that drives an owner to action."

Cooperation For Safety
Every now and again I am greatly encouraged by signs of desire on the part of drivers to cooperate with each other in the interests of accident prevention. Latest to come to my attention was a scene directly in front of me the other day. Following a car in the left lane I was surprised when its driver started flashing his directional signals for a right turn. He had stopped his car and by all rules was acting like the proverbial menace, but events proved that he was a life saver. To my right another car was about to overtake both of us. But its driver noticed the right-turn signalling and began to wonder. So he decided not to pass. When a small child passed across the street we got the meaning of the warning. It was the only way the fellow up ahead knew how to warn both of us to stop.

Every now and again I am greatly encouraged by signs of desire on the part of drivers to cooperate with each other in the interests of accident prevention. Latest to come to my attention was a scene directly in front of me the other day. Following a car in the left lane I was surprised when its driver started flashing his directional signals for a right turn. He had stopped his car and by all rules was acting like the proverbial menace, but events proved that he was a life saver. To my right another car was about to overtake both of us. But its driver noticed the right-turn signalling and began to wonder. So he decided not to pass. When a small child passed across the street we got the meaning of the warning. It was the only way the fellow up ahead knew how to warn both of us to stop.

One is a tester for gasoline gauges. This will also save expense since it will not be necessary for the mechanic to use spare tank and dash units when checking a misbehaving gauge.

Danger In Brevity
One of the lessons I have learned through these many years of writing on the subject of our gas-purged gals is the risk in a too brief safety hint. Too many people who read as they run further shorten the driving tip until it may become a hazard. That is why a list of pointers on safe driving may do more harm than good. They fail to suggest necessary ways of following through, or to point out exceptions to the rule. For instance, there is that old one about steering the car in the direction the rear end is skidding. The owner of a very light car could easily throw it into a counter skid by cutting the front wheels too sharply. If the car is heavy the correction for the skid has to be done more quickly and more sharply. Road conditions also have to be considered; likewise the tires. If front tires are bald there's little chance of steering serving as an effective skid control.

Better Stability Ahead
A drive to make it easier for motorists to buy replacement shock absorber is viewed as a step toward safety because stability has a lot to do with prevention of accidents, especially on curves. Millions of cars are being operated with one or more shock absorbers in bad condition. Some of these shocks merely need fluid; others need to be scrapped and replaced. It is important to note that with some of the newer types of shock absorbers the old test of ricking the ends of the car up and down no longer serves to indicate whether the springs' controls are or are not working properly. A test run over different kinds of paving is needed.

The Motor Primer
The starting-motor is one of those units of the car that functions so faithfully few owners ever give it any thought. For those occasional times when it gives trouble, however, it is well to have a general idea of its main points.

It must have plenty of current, which means a well-charged battery, a good cable and good connections. Closely allied to this is the necessity for clean contacts at the operating switch and at the solenoid and relay. Unfortunately the starter motor has to operate a pinion gear which meshes with the large gear on the circumference of the flywheel. This complicates matters because the starter drive is subject to numerous troubles. Starting motors need new brushes occasionally and should be checked over at least once a year. Most of them have self-lubricated bearings.

Mechanic Joe Speaking:
"The sight of a mess of rust or scale at the top of the radiator may suggest trouble but remember that the top of the cooling system usually looks the worst. This is just another reason why a good reverse flushing by an expert at this sort of thing is preferable to the home-type of draining and flushing with a garden hose. Incidentally, when you have assured yourself that the cooling system is in fine fettle don't forget to add rust inhibitor, preferably of the soluble oil type."

"It is true, of course, that hard scale will collect at the bottom of the motor block jackets, but usually it is the scum at the top of the radiator that drives an owner to action."

Cooperation For Safety
